

Santubong Wildlife Cruise

DURATION: 3.5 HOURS

CAPACITY: UNLIMITED

A one-of-a-kind adventure, this tour takes guests around the rivers of the Santubong Peninsular, offering the chance to see some of Sarawak's fascinating wildlife. The cruise starts at the Sarawak Boat Club.

Going easy, upon reaching the mouth of the Santubong River, the spotting of the Irrawaddy or Snubfin dolphins around the estuaries, White Belly Eagles, White Egrets, Seagulls, and Kingfishers will be a prelude to a more daring wildlife watch as the evening progresses.

The boat criss-crosses the mangrove-lined rivers looking for water creatures and animals at the fringe of the coastal forest. As the skylight starts to fade, it is easy to seek out the rare Proboscis monkey that is often seen on the treetops at the coastal edge settling down for the night. Monitor lizards, silver-leaf monkeys may also lurk nearby. As dusk sets in, the search turns to estuarine crocodiles that are often found resting on the mud banks. Their bright shiny eyes are visible when a torchlight is shined over the river.

After the thrilling moments over these sightings, the boat proceeds further upriver where fireflies gather at night. Watch the fireflies move around the branches of the mangroves, momentarily lighting up the darkness of its surroundings with its reflector wings, a wonder of nature's creation. After enjoying the firefly light show guests will return to the boat club.

ENCHANCEMENTS

- ☞ Mini torchlight for each guest
- ☞ Insect repellent for each guest
