

Heart to Heart with the Orang Utan

DURATION: 5 – 6 HOURS INCLUDING LUNCH
CAPACITY: 40 PAX

This is a once in a lifetime opportunity to participate in the care of captive or injured orang utan and help them on their long journey back to self sufficiency in the wilds of the Borneo Rainforest.

Share a day of joy with these intelligent, soulful animals which were once found in abundance throughout Sarawak. Each team member is given a task by the ranger, either to prepare daily food, clean up the night cages, construct new play things and assist in related research, education and other conservation activities.

Participants learn first hand from the dedicated team of expert conservationists about the challenges of Orangutan rehabilitation and the work of the centre.

This Heart to Heart Orangutan Encounter is a unique incentive program suitable for groups of up to maximum 40 persons per day.

Groups may opt for either a one day volunteer program at the Centre or an overnight trip at the Kubah National Park.

ENCHANCEMENTS

- ☞ Picnic lunch in the rainforest
- ☞ Orang Utan Soft Toy for each participant
- ☞ Framed Photograph of each member with Orang Utan
